# Create a Fundraising Account

As a fundraiser, I want to create an account so that I can begin setting up a fundraising campaign.

- I must provide a primary email address

- My primary email address will be my user login

- I can provide an alternate email address

- I must provide my first and last name

- I must set a password

- I must confirm my password

- I can view T&Cs

As a university admin, I only want current students to be able to fundraise on behalf of the school so that we can legally say donations are tax-exempt.

- Users cannot proceed in the registration process if they don't supply an email that ends in ".edu"

- An error is thrown if a user tries to register with an email that doesn't end in ".edu"

As a fundraiser, I want to see the password requirements so that I don't pull my hair out trying to create a password.

- Password requirements are displayed near password fields when creating an account.

As a fundraiser, I want to create a campaign so that I can start raising moolah.

- I must provide a campaign name

- I must provide a fundraising goal

- I must select my club's name

- I must specify campaign duration

- I must provide a payment processing account
